

Product Code . EL-M-10977

Student Stereo Microscope

Description

Student Stereo Microscope

The microscope also includes rubber eyeguards for improved viewing, adjustable interpupillary distance of 55-77mm and a right eyepiece diopter to allow for individual eye focusing. Easy-to-use.

A diopter on the eyepiece also allows for individual eye focusing.

There are two Wide Field WF10x eyepieces that combine with achromatic, coated 2x/4x objectives for magnification powers of 20x and 40x.

The microscope head is rotatable through 360 degrees for flexible viewing positions while it can also rotate around the pole in order to view specimens that do not fit on the stage. Simply twist the objective housing until it stops on either objective.

Educational Lab Equipments are leading manufacturers, suppliers of Student Stereo Microscope. Contact us to get high quality Student Stereo Microscope for schools, colleges, universities, research labs, laboratories and various industries.
