

Product Code . EL-M-10980

Monocular Laboratory Microscope

Description

Monocular Laboratory Microscope

The higher quality semi-plan DIN optics provide superb optical clarity at 40, 100, 400, and 1000x magnification with 80-85% flatness of field. Other features like the reverse position objective turret facilitate slide changing and ease of operation.

The precision coaxial focusing and low-position coaxial stage controls are a pleasure to use and deliver smooth, reliable performance.

The bright 3-watt LED lighting with variable intensity control, 1.25 N.A. Abbe condenser, and iris diaphragm with swing out filter holder provide great contrast control.

Educational Lab Equipments are leading manufacturers, suppliers of Monocular Laboratory Microscope. Contact us to get high quality Monocular Laboratory Microscope for schools, colleges, universities, research labs, laboratories and various industries.
