

Description

Advanced Educational Biological Microscope

Education Microscopes are manufactured using best quality achromatic objectives, high point eyepieces and with coaxial focusing. The optical system is antifungal treated. Microscope field is illuminated with halogen lamp or optionally can be upgraded to LED (with battery backup).

Optical system: Achromatic optical system, colour corrected, anti-fungal, anti-bacterial coated (multi-layered hard coated)

Mechanical Stage: Right/left hand control, hard coated surface, double layer, single/double slide holder, low position coaxial movement

Viewing Head: Monocular, Binocular and Trinocular Head

Nosepiece: Quadruple/Quintuple with multiple ball-bearing, rubber/metal grip & click stop

Illumination: Halogen or LED with Battery backup, illumination mirror

Condenser: Abbe with iris diaphragm & filter slot brightfiled, darkfiled, phase.

Body: Rugged, single die cast,

ergonomic design, touch point treated

Eyepiece: Extra wide field with diopter adjustment

Objectives: DIN Semi Plan/plan
finite/infinite achromatic

Focusing: Coaxial (low position), both side, coarse & fine with tension control & upper limit stopper

Educational Lab Equipments are leading manufacturers, suppliers of Advanced Educational Biological Microscope. Contact us to get high quality Advanced Educational Biological Microscope for schools, colleges, universities, research labs, laboratories and various industries.
