

Product Code . EL-HAM-10235

Human Nervous System Activity Model Set

Description

Human Nervous System Activity Model Set

The structure of the central and peripheral nervous systems are illustrated with the Nervous System Model Activity Set. A close examination of the Human Brain with a removable transparent overlay defining the brain lobes is included. Diagrams illustrate the location of the brain, spinal cord, spinal nerves, dendrites, axons, and synapses. Activity set includes a full-color 24" x 18" markable model of durable vinyl and an activity guide with background information, basic understandings, teacher-developed activities, a glossary, a key to model structures, color transparencies and a black line master.
