

Product Code . EL-MLE-10437

Isometric Geoboard

Description

Isometric Geoboard

Teacher use this to demonstrate construction of 3 dimensional figures, pattern block activities.

Many activities appropriate for isometric geoboards can be duplicated on the rectangular, circular, and coordinate geoboards.

Students will benefit from comparing and contrasting shapes drawn from multiple perspectives.

The isometric geoboard allows the construction of equilateral triangles and hexagons that are not possible on rectangular geoboards, and younger students may enjoy the construction of 3-d perspective figures.
