

Product Code . EL-ZM-10812

DNA Model Kit

Description

DNA Model Kit

Educational Lab Equipments is a leading DNA Model Kit manufacturers, suppliers and exporters from India that offers wide range of DNA Model Kit at most competitive prices.

Emphasizing the base pair sequence and function of DNA, the sturdy, colorful bases snap together in the correct sequence, and the pairs attach to a center rod representing hydrogen bonds.

Once complete the, the model can be rotated on its sturdy base.

Easy to construct the three dimensional model of DNA.

Includes enough materials to construct one models, a printed instruction manual.

Two flexible strands signifying alternating pentose and phosphate units attach to the end of each pair, forming the double helix.
