

Product Code . EL-M-11015

Cordless Compound Monocular Microscope

Description

Cordless Compound Monocular Microscope

Cordless compound microscope provides high magnification for biological use and educational applications. Forward-facing nosepiece with 4x, 10x, and 40x DIN achromatic full-glass objectives that provide high-resolution color-corrected images.

Monocular viewing head with interchangeable 10x widefield and 25x widefield eyepieces, fixed 45-degree vertical inclination to reduce eye and neck strain, and 360-degree rotation capability to provide a more comprehensive view and enable sharing.

Plain stage with stage clips to secure slide and a stage stop to prevent damage to slides or objectives.

Brightfield, upper and lower LED illumination with rheostat, a 0.65 NA single-lens condenser with disc diaphragm, and coaxial coarse and fine focus for sharp images.

Educational Lab Equipments are leading manufacturers, suppliers of Cordless Compound Monocular

Microscope. Contact us to get high quality Cordless Compound Monocular Microscope for schools, colleges, universities, research labs, laboratories and various industries.
