

Product Code . EL-M-11041

Two Way Microscope

Description

Two-Way Microscope

The top objective lens can be used to view large items not able to fit on the stage.

2X magnification and color may vary. 4 in. L x 2-1/2 in. W x 5-1/2 in. H.

When a three-dimensional object (insect, leaf part, flower part, or other living or nonliving object) is placed on the stage, a magnified image can be seen, both top and bottom view.

Students will readily see dimensional views of specimen.

Educational Lab Equipments are leading manufacturers, suppliers of Two-Way Microscope. Contact us to get high quality Two-Way Microscope for schools, colleges, universities, research labs, laboratories and various industries.
