

Product Code . EL-RAACLE-11500

Compressor Controls Trainer

Description

Compressor Controls Trainer

The benchtop unit was designed for electrical training for refrigeration system installers and is particularly suitable for exercises in smaller groups. The electrical connection of a commercially available refrigerant compressor using a circuit diagram is covered. The starting, protection and control devices necessary for safe operation are arranged on the front panel of the unit. Test points provide convenient access for measuring the electrical circuit.

We are leading manufacturers, suppliers of Compressor Controls Trainer for Refrigeration and Air Conditioning Lab Equipments. Contact us to get high quality Compressor Controls Trainer for Refrigeration and Air Conditioning Lab Equipments for schools, colleges, universities, research labs, laboratories and various industries.
