

**Product Code . EL-TELE-11534**

## Alternative Fuel Engine Program With Data Acquisition

### Description

---

#### Alternative Fuel Engine Program With Data Acquisition

Students can actually see which fuel produces more torque! Which burns hotter, propane or alcohol. Information like this can be graphed, and compared on a computer, then saved or printed. Graph multiple runs of the, using alternate fuels (propane, methanol, ethanol, etc.), showing the properties of each. The software package, is a powerful training aid for any student learning alternate fuels. Study high performance engines, as the engine allows for different compression ratios and timing to be selected, then Horsepower and Torque to be viewed on screen.

We are leading manufacturers, suppliers of Alternative Fuel Engine Program for Transportation Engineering Lab Equipments. Contact us to get high quality Alternative Fuel Engine Program for Transportation Engineering Lab Equipments for schools, colleges, universities, research labs, laboratories and various industries.
