

**Product Code . EL-BET-11561**

## Compression Testing Machine

### Description

---

#### Compression Testing Machine

These strength testing equipment are extremely handy and are easy to use for testing cement, concrete and mortar cubes. As present day buyers expect more power, speed and highest level of accuracy in material testing system, we continue to offer research based Compressive Strength Testing Equipment of international standard, at affordable prices. We lay utmost importance on equipment design and construct with emphasis on ease of operation. Semi Automatic Compression Testing Equipment, Electrically Cum Manually Operated equipment and more.

We are leading manufacturers, suppliers of Compression Testing Machine for Building Engineering Trainers. Contact us to get high quality Compression Testing Machine for Building Engineering Trainers for schools, colleges, universities, research labs, laboratories and various industries.
