

Product Code . EL-TT-11966

Computerized Embroidery Machine

Description

Computerized Embroidery Machine

Description:-

We are engaged in catering to the variegated requirements of the customers by bringing forth a comprehensive range of Computerized Embroidery Machine.

In addition to this, our products are tested on various parameters by our quality controllers.

These embroidery machines are widely demanded by textile industries and manufactured under the able guidance of our experts.

Feature:-

Our computerized embroidery machine can do flat embroidery, taping embroidery and other kinds of embroidery in one design.

It also has latest pantograph drive system which can guarantee big design embroidery.

The speed of each kind of embroidery machine can be set separately.

It saves time for changing material and increases the productivity.
